No. 28

Wheat Board Up to Alberta Government

REGINA, JULY 11.—Whether a wheat marketing pool under concurrent federal and provincial legislation is in operation to handle this year's grain for the farmers of Saskatchewan or Alberta, depends on the attitude of the Alberta government. This was made clear at an all day conference yesterday in Regina, in which the premiers and attorney-generals of the two provinces participated.

It was announced by Premier Dunning at the close of the conference last night that the Saskatchewan government stood ready to call a special session of the legislature to pass the necessary concurrent legislation. Beyond stating that he was returning to Edmonton to discuss with other members of the government the advisability of calling a special session of the Alberta legislature for a similar purpose, Premier Greenfield declined to further discuss his attitude, or the prospective attitude of the Alberta government and legislature toward the proposed marketing scheme.

The conference lasted all day, sessions being held morning, afternoon and evening. Col. J. A. Cross, of Regina, attorney-general for Saskatchewan, and Hon.

J. E. Brownlee of Edmonton, attorney-general of Alberta, took part in these deliberations. During the afternoon James Stuart, of Winnipeg, chairman of the 1919 wheat board and F. W. Riddell, of this city, vice-chairman of the board, were called into consultation and assisted the members of the two governments with their advice and experience.

Statement by Dunning
At the close of the conference Premier Dunning said:

"The premier of Alberta will consult his colleagues as soon as possible after his arrival home and the Alberta government will then decide whether or not they will call a special session of their legislature."

"So far as the Saskatchewan government is concerned," continued Mr. Dunning, "we are prepared to call a special session of this legislature, but in view of the fact that action by two provinces is necessary under the federal statute, we prefer to await the decision of the Alberta government before deciding definitely to do so."

Before returning home to Edmonton Premier Greenfield expressed himself quite satisfied with the conference.

Freight Rates Will Be Lowered

In addition to the reductions in freight rates on grain decided upon by the House of Commons, the railway commission has issued an order providing for a decrease of 7 1/2 per cent. on basic commodities, to come into effect August 1st, according to advice from Ottawa. This decrease will apply to forest products, building material, brick, cement, lime, plaster, potatoes, onions, pig iron, scrap iron. This order also applies to coal rates in Alberta, amounting to about 20 cents a ton, on coal shipments from Alberta fields.

The Didsbury Fair Will Be Here Soon

The big fairs are now over and the smaller exhibitions which are perhaps of bigger interest to the local public wherever they are held will now hold the attention.

Amongst the many smaller exhibitions held in the province Didsbury has held a premier place because it has always been the custom to make it purely an exhibition of the products of the farming and dairying and educational interests, and while there is always some form of amusement provided, this has been a secondary consideration. This year will be no exception.

Perhaps the recent unfavorable weather conditions have and the effect of making us very pessimistic because of the outlook, but the extremely favorable conditions of the last few days should very largely overcome what appeared to be one of the worst years that this district has experienced, and the cause of the pessimism that has prevailed has largely disappeared.

No get busy and help the officers of the Didsbury Agricultural Society to make the coming fair on August 17th and 18th one of the biggest and best ever held. If you are, not a member of the Society get busy at once and enroll yourself as a member. Messrs G. Wrigglesworth, Secretary, or J. V. Berscht, manager, will be glad to sell you a membership ticket which carries with it certain privileges, and also boost for the fair which is yours.

The prize list, which is now in the hands of the printers and will be issued shortly, contains some excellent prizes, especially in the livestock classes, which should be a great encouragement to all to bring out the best they have in competition with their neighbors as well as encouraging those who are trying to bring their products up to the standard which this district can produce.

Get ready for the big fair on August 17th and 18th.

W. M. Policy Holders Take No Action

The meeting of policyholders of the defunct Western Mutual held in the Opera House on Friday afternoon last came to the decision that no action could be taken in regard to fighting the payment of assessments. Mr. F. Reist was chairman and C. F. Bonnie, Secretary of the meeting. Mr. P. R. Reed, former manager of the Company, and Mr. F. E. Freeman and Mr. Dalziel the liquidator were present and put before the meeting the complete situation of affairs and as stated above it was decided that no action should be taken to fight the payment of notes. Several present stated that they were going to pay up as they were convinced that there was no other alternative.

Big Change in Crop Outlook

During the last week Didsbury and its district has received a splendid supply of much needed moisture the heavy rains of last Thursday and Friday have completely changed the outlook. The long dry spell has at last been broken and all indications for more rain appear of the best. No doubt there will be no heavy crops this year as the dry spell lasted too long but the outlook as far as the feed situation is concerned has improved wonderfully and if conditions continue as favorable as at present there will be a surprise for us at the end of the season.

The rains have been pretty general all over the province, and excellent reports of conditions in the south country are being sent in.

To Standardize Coal

A decision to adopt some system of standardization of Alberta coal in order to facilitate marketing was reached at a conference of coal operators of the province with Premier Greenfield and officials of the government, which was held at the government buildings Tuesday.

The conference was called by Premier Greenfield to discuss standardization and marketing. The Premier told the operators he was prepared to do anything he could to improve the marketing conditions of Alberta coal, but there were several problems to be solved and standardization was one of them. A committee of 12 will be appointed to deal with the question of standardization, which will include three men each from the Edmonton, Drumheller and Lethbridge fields, and three men each from the other fields of the province. It is expected that the committee will be ready to report in about two weeks time. Other problems of marketing will be discussed. For some time the government has had a campaign in progress in Manitoba to increase the marketing of Alberta coal there, and has met with some success. Geo. Pratt, government fuel engineer in charge of the demonstration at Winnipeg, gave the conference Tuesday one of his illustrated lectures demonstrating the proper methods of firing Alberta coal. Premier Greenfield pointed out that Alberta must develop along two chief lines, namely, agriculture and the coal industry, and attention must be given to the marketing problems.

Sowing Seeds of Success

Habits formed in childhood days guide our development in later years. A thrifty boy usually becomes a successful man.

Your interest in your child's future is shown when you open a Savings Account for him while he is in the habit forming age. One dollar will open a Union Bank savings account.

WEDNESDAY, JULY 12th.

BURNSIDE NEWS

Mr. and Mrs. Walter Edmundson and family spent Sunday with Mr. and Mrs. Reek.

We had some splendid rain last week and prospects look better for a crop.

A lot of Burnside people took in the Calgary Fair.

The W. C. T. U. met at Mrs. Lieper's on Wednesday last. There was a good attendance and some excellent papers. The next meeting at Mrs. McAllister's on August 2nd, will be the Annual meeting.

Our School Board held a very important meeting last Monday evening. We understand if it is at all possible Miss Sleith will return to teach Burnside school after midsummer holidays.

Rev. Amos who preaches at Stuaris school had a very fair attendance at his service in Burnside school on Sunday afternoon. The camp-meeting near Neapolis probably made the crowd less at the school.

Mr. John Sick is home from the Calgary hospital and is steadily gaining in health and strength.

AT SIEBERTS AND JUTLAND APPOINTMENTS OF THE EVANGELICAL CHURCH

Tuesday evening, July 11th was the experience of a blessed meeting, after a two week revival campaign. At the close all gathered in a circle under the tent and bid farewell by a hand-shake and singing "Onward Christian Soldiers," and "God Be With You Till We Meet Again." These meetings were fairly well attended from far and near. The Lord was very gracious during those days in sending showers of rain, both temporal and spiritual showers. Twenty-one bowed at the altar of prayer, many renewed their covenant with God. Six baptisms were witnessed, and eleven united with the church on profession of faith. To God be all the glory.

Tenders are now being called for by the public works department for the erection of two new buildings for the hospital for insane at Ponoka. One of these will be a dormitory, with accommodation for 200 patients, and the other a dining hall to seat 200 persons, the two to cost in the neighborhood. It is estimated of \$250,000. Both will be of brick and tile construction and practically fireproof. It is the intention of the department to put the work through as rapidly as possible, in order to have both buildings covered in by the beginning of next winter.

NOTICE OF IMPOUNDMENT

Notice is hereby given under Section 216 of the Rural Municipality Act, that, one sorrel gelding, white stripe on face, branded

on right shoulder: Bay gelding branded R on right jaw: Bay yearling, white face and legs, branded R on jaw: Buckskin gelding, white face and legs, branded R on jaw, was impounded in the pound kept by the undersigned on the 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, on the 12th day of June, 1922.

Dated at Didsbury this 15th day of June, 1922.

Remember

IMPERIAL POLARINE OIL
(Light Medium Body) is the
lubricant recommended for
your Ford.

*A Passenger
You can't afford to haul—*

Briefly, these are some of the results of using too heavy an oil for your Ford.

- (1) Engine drag and loss of power.
- (2) Improper oil distribution.
- (3) An overheated engine.
- (4) Excess carbon deposit.
- (5) Unnecessary friction and wear.
- (6) Large repair bills.
- (7) Rapid depreciation.
- (8) Excess fuel and oil consumption.

What is the remedy? Use Imperial Polarine Motor Oil (Light Medium Body), which is especially adapted to the mechanical requirements and operating conditions of your Ford engine.

Have your crank case cleaned and refilled today with Imperial Polarine Oil (Light Medium Body), and realize full Ford economy and efficiency.

Made in two grades for the proper lubrication of all makes of automobiles, trucks and tractors.

CLOVERMOUNT LOCALS

The Clover Mount district has enjoyed a dainty rain. Best of the season. Everyone is wearing a smile. Why not?

On June 30th a farewell party was given for Miss Johnson at the home of Mrs. C. F. Rennie, where a large number of her friends gathered and spent an enjoyable evening. Games and music were indulged until midnight, when a dainty lunch was served and everyone parted wishing her a happy holiday, which is being spent in the East visiting friends and relations.

Wonder who it was we heard ask when Roschard was coming out again? We hope soon. Jimmie pitches. Come out and root for the boys.

Mr. Herman Dageford and sister Clara, accompanied by Mr. John Falkmann and sister Clara motored to Calgary Thursday, July 6th, to take in the Fair. They report a good time.

Mr. Stringer and Mr. W. Rennie accompanied by Miss B. Johnson and Miss I. Hunsperger motored to Calgary to take in the Fair and report having a good time.

Miss Alice Rennie and Miss Helen Tiltsworth spent the weekend at the home of their friend Miss Susie Wilson.

The many friends of Mr. Irwin Kline will be glad to hear that he is feeling much better after his accident which he met

with a few days ago. A broken finger is a sore thing.

Where has Fred gone? We're missing his home runs.

What's the attraction around Clover Mount for Adam?

"Hello Shorby. Got any mail to-day?"

Did Bobbie go with Fred? He must have, haven't seen him at our ball games lately.

Deputy commissioners under the Southern Alberta Relief Act, to act with Commissioner E. J. Frean in the five districts into which the drought area has been divided, have been appointed and are now assisting in the administration of the act. The appointments are as follows:

For No. 1 district, comprising all that part of the drought area lying within the boundaries of the judicial sub-district of Taber, Thomas Martin; District No. 2, in the judicial district of Medicine Hat, S. A. Wallace; District No. 3, in the judicial district of Lethbridge, S. S. Dunham; District No. 4, in the judicial district of Macleod, Judge A. M. McDonald; District No. 5, in the judicial district of Stettler, Judge R. J. S. Stewart. The five deputy commissioners, as providing what Dean Howes calls the "missing link" in agricultural culture, namely, the medium by which the personal contact can be established between the department of agriculture, the college of agriculture and other such agencies working along administrative and technical lines, and the ordinary man on the farm.

Referred to the selection of S. G. Carls as supervisor of these agents, he being a man who had himself made a success of agriculture. "This country should not be considered as one which will make great fortunes for many, but it is a country where a good living can be made on the farm if first principles are considered," declared Mr. Craig.

During his address, Mr. Craig took occasion to refer to the marketing services being developed by the department of agriculture. Something had already been done in this way in the matter of marketing of dairy and poultry products, and now the department, co-operating with the University of Alberta and the Dominion Government, was having plans to develop the marketing of Alberta wool, since no country in the world was better suited than Alberta for the raising of pure wool. He outlined the plans which were announced a week or two ago.

Agricultural Representatives Appointed

Following a clear-cut outline by H. A. Craig, deputy minister of agriculture of the policy of the Provincial Department of Agriculture with respect to the development of a system of agricultural representatives throughout the province, which made it plain that the department would develop this policy only so far as experienced, capable men were obtained to fill the posts. The Alberta branch of the Canadian Society of Technical Agriculturists passed a resolution endorsing this policy, at a gathering held Tuesday in the board of trade rooms at Calgary. The resolution was proposed by E. Ward Jones, manager of the Alberta stock yards, and seconded by Dean E. A. Howes, of the college of agriculture.

The system of agricultural representatives, developed to a considerable extent in other provinces and countries, is practically in the beginning in Alberta, three of these representatives being now in the field. The agricultural representative comes into intimate contact with the farmers of his district and aids them in solving their own peculiar problems. He is supplying what Dean Howes calls the "missing link" in agricultural culture, namely, the medium by which the personal contact can be established between the department of agriculture, the college of agriculture and other such agencies working along administrative and technical lines, and the ordinary man on the farm.

Referred to the selection of S. G. Carls as supervisor of these agents, he being a man who had himself made a success of agriculture. "This country should not be considered as one which will make great fortunes for many, but it is a country where a good living can be made on the farm if first principles are considered," declared Mr. Craig.

During his address, Mr. Craig took occasion to refer to the marketing services being developed by the department of agriculture. Something had already been done in this way in the matter of marketing of dairy and poultry products, and now the department, co-operating with the University of Alberta and the Dominion Government, was having plans to develop the marketing of Alberta wool, since no country in the world was better suited than Alberta for the raising of pure wool. He outlined the plans which were announced a week or two ago.

To whom the same may concern: Notice is hereby given that by virtue of power granted under Section 26 of The Municipal District Act, and of By-Law 250 of the Municipal District of Mountain View Municipality No. 210, dated July 1st, 1922, one parcel of land, 7 years, bounded on right shoulder of road, bounded in the pound kept by the undersigned on the N.W. 1/4 Sec. 18, Tp. 21, R. 1, W. 10 of the 5th Meridian, at 9 p.m. on Saturday the 1st day of July, 1922.

W. J. Schmitt, Poundkeeper, Didsbury, Alberta

Date July 1st, 1922.

Railway News

Nakusp, B.C.—At an indication of the increased industrial activity of the lumber mills of Nakusp, the Nakusp Land Company and their yarding room so limited that they have cleared about four acres of land near the first mile post along the C. P. R. where a spur will be built and the lumber hauled up in cars and delivered by rail before being shipped to outside points.

Invermere, B.C.—Amongst the many splendid summer publications of the C. P. R. are two of especial interest to the tourist. The first one deals with "Bangalore Camps," and makes very numerous mention of the beautiful Lake Windermere Camp adjoining the place. The other one is a publication given over exclusively to descriptions of the local "Camp." This is a seventeen-page folder, most beautifully illustrated with reproductions of photographs of local scenes. The letter press is by Mr. Frederick Niven.

The gist of the matter is descriptive of the various trails and automobile roads throughout the Windermere district.

Chatham, Ontario.—Wholesale summoning of boys and men who frequently use the C. P. R. tracks as a place for walks, was indicated in County Police court recently, with the swearing out of a number of informations by a C. P. R. detective who conducted an investigation.

It is alleged that the defendant trespassed on the C. P. R. tracks, a short distance from the City in Harwich township.

Montreal.—Edward J. Richel is appointed city passenger agent for the Canadian Pacific at Chicago, succeeding Alfred R. Dean, who has resigned to enter other business.

Mr. Richel joined the service on June 15, 1920, as clerk in the passenger department, Chicago. Promotions following were: October 1, 1920, travel agent; January 27, 1921, passenger agent; June 1, 1922, travel agent.

William I. Bullock is appointed travel agent, succeeding Mr. Richel. Mr. Bullock joined the Canadian Pacific as clerk in the passenger department, Chicago on March 12, 1922.

St. Andrews-by-the-Sea, N.B.—The Canadian Manufacturers' Convention for 1922 is now a thing of the past, and to the almost 200 delegates and others who have been here for a week, attending the sessions, it will be a pleasant memory.

So much of a success has been this year's convention that it can be said without violating any confidence, that the most influential members of the association are anxious to hold future conventions under similar conditions.

The Casino of the Algonquin Hotel provided an excellent meeting place, and the records show more discussion than at any four conventions in the past, while there has been more "water-tight" by the delegates, who get to know each other to a greater degree than ever before.

During the Convention days delegates played golf on the beautiful links overlooking the sea and indulged in swimming in Katy's Cove.

Calgary, Alta.—After covering six hundred miles in the southern portion of Alberta, at the end of June, J. M. Cameron, general superintendent of the Alberta Division of the Canadian Pacific Railway, declares that crop conditions there, generally speaking, are very satisfactory.

Mr. Cameron stated that farmers had been taught an object lesson in crop-raising. Where there had been active had been on a scale in crops. From the amount of summer following that was going on, farmers had realized that nothing in was a poor gamble and a few weeks ago the hops, he said, were now practically under control in the south. Cuckoos had done little or no damage on account of the frequent showers.

"I have been most pleased with my visit," said Mr. Cameron. "There is now quite an optimistic feeling among farmers and business men in the south country."

Elkhorn, Mont.—Forty years ago Mr. Jas. Rodgers commenced working for the Canadian Pacific Railway Company as a section man and in about five years, through his ability to give the best he could and because of his sterling integrity, was promoted to foreman, holding this position until 20 years ago, when he desired a change of employment, and was transferred to the pumping station staff. For a while he worked at Fleming and Vinton, but his new capacity and eventually assumed charge of the Elkhorn pumping station, in the retirement of Mr. R. Travis, another old time railroad man who is still with us, as hale and hearty as ever.

A second such as Mr. Rodgers holds is decidedly unique. He is the second senior pumpman in the company, which places high value on the services of men of such capability. He has stood the rigors of an exacting position in a manner that must reflect great credit.

NOTICE OF IMPOUNDMENT

Notice is hereby given that under Section 210 of the Rural Municipality Act, that one boy gelding, white face and left hind leg, no visible brand, was impounded in the pound kept by the undersigned on the S. W. 4 24.31.27, W. 4th M.

Canada's Extensive Trade

Stands First in Volume of Commerce Per Head of Population

Addressing the parliamentary committee of the League of Nations, Sir Charles Gordon, one of the Canadian delegates, stated that in volume of imports and exports Canada stood fourth among the thirty-four nations represented. In volume of commerce per head of population Canada stands first, and in export trade third, being being exceeded only by Great Britain and France.

THERE IS DANGER IN WATERY BLOOD

If Not Corrected Serious Results May Follow

In no trouble is delay or neglect more dangerous than anaemia, a poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes the body weak in so many a manner that it is often well developed before its presence is recognized.

CATARRHAL DEAFNESS

Is directly related to constitutional fault. HALL'S CATARRHAL MILDNESS is a constitutional remedy. Catarrhal Deafness is caused by an impaired condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rattling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRHAL MILDNESS acts directly on the blood on the mucous surface of the Eustachian tube, reducing the inflammation and assisting Nature in restoring normal conditions.

Dr. Williams' Pink Pills. In the supplement of a university devised low-temperature (chilling) process, investigators at the University of Illinois have succeeded in obtaining a good grade of coke from coal which seemed devoid of any coking property.

Time has Tested It.—Dr. Thomas' Electric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

No Need to Change.—Uncle John.—While if you could have your way you would rather be than anybody else? Small Willie.—Just me—if I could always have my own way.—Edinburgh Scotsman.

Circle Tours Through the Canadian Pacific Rockies

Delightful Trip Afforded for Tourists Over C.P.R.

At the most magnificent mountain and inland water route in the world, passing through beautiful Banff, Lake Louise, Field and Glacier House, to Arrowhead—skimming through the Arrow and Kootenay lakes, winding in and out past majestic mountain peaks—touching at West Robertson and Nelson enroute.

This delightful trip can be made in the opposite direction if desired and at remarkably low cost.

Any Canadian Pacific ticket agent will gladly give full information and arrange details.

Short Course for Publishers

Great Interest Being Taken in Conference of Western Weekly Newspapers Men

The first Short Course and Conference for Newspaper Publishers, which was held at Manitoba Agricultural College in August last year, provided four days of interest, value and enjoyment to the newspaper men who attended it and was the successful beginning of a community service of importance to the West. It is now an assured certainty that this year's Short Course and Conference, which likewise will be of four days' duration, beginning Tuesday, August 8, will be still more interesting and enjoyable and of greater value to those attending it. It will be a greater success, a success on a larger scale.

Governments and all other human institutions exist for the purpose of serving the community, and their justification for their existence can be measured only by the value of their service to the community. The Department of Agriculture of Manitoba provides community service of many kinds and in varied ways; a large proportion of this service has Manitoba Agricultural College as its centre and basis of operation, and the improvement of agriculture, the betterment of the conditions of life and work of the men and women engaged in the basic industry of this country, is its purpose. Every agency, method and system which serves that purpose serves and promotes the progress and prosperity of the country as a whole.

Nothing is more important in this connection than the promotion of a vigorous community spirit in every district. The local newspaper is, or should be, the voice of the community spirit. In co-operation with the local newspapers by means of the Short Course and Conference, Manitoba Agricultural College is thus doing a public service of inestimable value.

The committees in charge are making plans for the Short Course and Conference next August which will provide, as has been noted above, even more varied interest and enjoyment for each day than characterized last year's Short Course and Conference. The newspapermen who bring their wives with them will be doubly delighted, and so will their wives. There will be no lack of entertainment for either.

Manitoba Agricultural College, with its spacious buildings, beautiful surroundings, comfortable rooms and the good fare provided in its bright and airy dining hall, is an ideal place for such a gathering, especially in August.

The programme of addresses and discussions, with afford opportunities of great value for the comparison of ideas, the exchanging of experiences and the assimilation of information. In addition there will be the newspaper competition conducted on similar lines to that of last year. The competition is open to newspapers published in towns of not more than 1,000 inhabitants between Lake Superior and British Columbia. Six prizes are offered besides the cup provided by the Linotype Company, as the trophy for the winner of the first prize. There will also be two other competitions. One is for the cup offered by the Sales Managers' Association of Canada to the newspaper giving the best advertising service to local merchants during the month of July, 1922, and the other is the competition for the gold watch put up by the Toronto Type Foundry Co., Limited, for the newspaper giving the best local news service.

Los Angeles, Cal., was founded in 1781 by Spanish soldiers.

Minard's Liniment for Burns, etc.

MRS. FRANK WILKIE, of Syracuse, N. Y., formerly married at the State Reformatory at Indiana, N. Y., who says she is delighted with Tanlac and that her health after she suffered from years.

"This is the first time in eight years that I have been free from stomach trouble," said Mrs. Wilkie, "and it is all because of my wonderful 'other name'." Mrs. Frank Wilkie, 229 Cedar St., Syracuse, N. Y., formerly married at the State Reformatory at Indiana, N. Y.

"I was eating something so bad that I was sick," she declared, "and I would rather not touch a bite than suffer the pain. I knew what to do. I was sick in bed for two and three days at a time, and as on my stomach made such awful pressure on my heart it almost cut off my breath. I had had this feeling at night and in the morning I was all tired out."

"Well, the longest day I live I will praise Tanlac, for no improvement has been simply remarkable. I have no more heartburn, my appetite is wonderful. I can eat most anything I want, and my sleep is sound and restful. I am thoroughly delighted with Tanlac. It is wonderful!"

Tanlac is sold by all good druggists.

All men of genius are said to have clear, glowing, bright eyes. This is the case which indicates mental ability of some kind.

"The Store that Never Disappoints"

THE IRISH TROUBLE

It seems at present that Collins with his regular troops have pretty well overcome the insurrection in Dublin and now he is taking strong measures to bring peace to other parts of Ireland outside of Ulster.

Late reports state that De Valera was with the insurgents but that he escaped capture.

The fact that the people supported the treaty between England and Ireland giving them home rule as good as in Canada and in some respects better has given the Irish provisional government a good chance to bring order out of chaos and no doubt as soon as the insurgents realize their failure, which must be shortly, Ireland will again settle down to peace and quietness.

In charges laid under the Liquor Act and Inland Revenue Act recently at Waterhole and McLennan, against two men, sentences of six months and three months on separate counts were imposed on each of the two men found guilty of moonshine operations and bootlegging. The

men were given the option of paying heavy fines but decided to serve the goal sentences imposed.

A new municipal hospital district has been created to include municipal districts 278, 279, 308, 309 and the village of Three Hills. A vote will be taken shortly on the question of adding to the Drumheller hospital district, a portion of municipal district 278, and the village of Auburn.

The Missing Word

An Irishman and a Scotsman sat in grievance, which they could not settle by argument so they decided to "to fight it out." Before they started the fight, however, they agreed that when one of them had had enough, he should call out "sufficient."

The battle continued for one hour when the Scotsman shouted "sufficient."

After Paddy had regained his breath he said, "Begorra, I've been trying to think of that word for the last twenty minutes."

AROUND THE TOWN

Miss Hilda Morrison of Calgary is home on a two weeks vacation.

At a very interesting game of baseball played here on Tuesday evening the visiting team of Bowden won by a score of 7-6.

Miss Mae Studer has returned for the summer from Toronto where she has been taking a course in music.

Mr. and Mrs. Louis Miller and Mr. Henry Bolander of Elmira, Ontario are visiting with Mr. and Mrs. Andrew Bolander.

Mrs. David Greve of Calgary came up on Wednesday to spend a few days visiting with Mr. and Mrs. J. M. Reed.

Mr. John Manson of the Dog Pound, who has been here 31 years, stated to us last week that in all these years he had never known a May and June when there was so little moisture as we have had this year.

On Thursday last Wm. Taylor appeared before Justice of the Peace Hartmann, charged with allowing his horses to run at large in the town. He pleaded guilty and was fined ten dollars and costs.

The matron of the Hospital wishes to acknowledge the following: Mr. E. McWhirter, fish; Mrs. McCoy, cake; Mrs. Axtell, chicken and cream; Mrs. Geo. Clark, cream; Mrs. Stevens, butter.

There are some places in the district that are going to have big crops. Mr. Moses Shantz showed us a sample of wheat brought in from his son Vernon's farm, southwest of town which was two feet high, in blossom, and as fine a sample as could be wished for.

Rev. Mr. Laverne of Calgary who has charge of the Sunday School work of the Presbyterian church in the Calgary Presbytery, will conduct the services at Knox Presbyterian church on Sunday evening next at 7.30.

The Editor attended the Calgary Fair last week and cannot resist complimenting the Calgary Fair Association on their splendid exhibition. The live stock classes especially are worthy of special mention and the grand stand attractions which were provided was the best and cleanest that the Association has ever put on. Yes, as far as the Exhibition was concerned it was the best ever held but there did not seem to be as large an attendance of visitors as usual.

The many friends in Didsbury of Dr. A. J. West of Three Hills will be sorry to learn that he suffered a severe auto accident about two weeks ago in the Three Hills district. He sustained injuries that necessitated a trip to Ontario for an operation. It appears the Municipality had made a new road on a side hill the old road being above the new road, and the doctor was coming down the old one and when near the bottom the car jumped over upsetting and smashing the car and injuring the doctor.

QUEER CHARACTERS AND LOVABLE ODDITIES

"The Prodigal Judge," which will be shown at the Didsbury Opera House on Friday and Saturday is a play of queer characters and lovable oddities. Yanny, the tender hearted mount-sinner who has been to school "several times" when a boy, is played by Robert Millash; Maffy, the melancholy tippler, is in the hands of Ernest Torrence; the period is in the middle thirties, and the judge himself who was a three-bottle man and who proves a hero in the final reckoning, is in no less hands than those of Maclyn Buckle. (Not Fatty)

Laughter clears away carking care and all other cobwebs that cause mental gloom. See "The Prodigal Judge," at the Opera House on Friday and Saturday.

TENDERS

Tenders will be received for the painting of Burnside School-house. Tenders will be received by the School Board, up till Monday, August 7th.
